The completed application shall be submitted to the Building, Housing and Zoning Administrator, together with the bond and proof of insurance required under this chapter and any other documents requested by the Building, Housing and Zoning Administrator. Such application shall be granted if the Building, Housing and Zoning Administrator finds that the applicant is qualified to perform the work for which the application is sought.

Evidence that the applicant is currently licensed by a qualified testing agency of the City, County or State of Ohio, and has successfully passed an examination of proficiency in the respective trade, shall be sufficient evidence of qualification so as to authorize the issuance of a registration certificate, provided that no grounds for disqualification exist. Evidence of repeated violations of the Building Code of the State or any political subdivision, or of any ordinance of the City, or of shoddy workmanship or failure to successfully complete a project, shall be sufficient to disqualify the applicant from receiving the certificate of registration.

No person, firm, corporation or other entity shall secure or attempt to secure a registration for any contractor, other than himself or herself.

The Building, Housing and Zoning Administrator reserves the right to withhold decision on any application pending review.

(c) Time and Fee. The certificate of registration shall be valid for the calendar year in which it is issued and shall be renewed annually thereafter. The minimum coverage of said insurance policy shall be five hundred thousand dollars (\$500,000) for property damage and bodily injury, and such policy shall name the City of Olmsted Falls as the Additional Insured. Any insurance policy that is revoked or that expires without renewal shall suspend the certificate of registration until the policy is reinstated. The City shall receive at least ten days' written notice prior

to the expiration or cancellation of any insurance policy issued pursuant to this section, and the terms of the policy shall specify such required written notice prior to expiration or cancellation.

(e) Suspension; Revocation. The suspension and/or revocation of a certificate of registration under any provisions of this chapter shall simultaneously suspend the authority of any holder thereof to perform any work on any project within the City.

(f) Stop Order. Whenever there is a determination made by the Building, Housing and Zoning Administrator pursuant to subsection (e) hereof, the Building, Housing and Zoning Administrator shall issue a stop order and all work shall cease and desist until all violations are resolved to the satisfaction of the Building, Housing and Zoning Administrator.

(g) Appeal. Any applicant to whom a certificate of registration has been denied, suspended or revoked by the Building, Housing and Zoning Administrator may appeal such decision within thirty (30) days thereof to the City of Olmsted Falls Planning and Zoning Commission.

Local Zoning Code violations may be timely appealed to the City. Building Code violations (applies only to residential dwellings under three-family) may only be appealed to a certified board of appeals in the jurisdiction authorized by the City of Olmsted Falls to hear Building Code violations.

Building and Fire Code violations for residential dwellings over three-family and commercial or other buildings and/or structures under the jurisdiction of the State of Ohio may only be appealed to the State of Ohio Department of Industrial Relations and/or the State Fire Marshal.

(h) Additional Insurance or Bonding. The Building, Housing and Zoning Administrator reserves the right to require additional insurance and/or bonding if, in his or her opinion, the additional insurance and/or bonding is necessary. Upon refusal of the Building, Housing and Zoning Administrator to issue a certificate of registration, the applicant may appeal the denial in accordance with subsection (g) hereof.

The homeowner shall submit an affidavit to the Building, Housing and Zoning Administrator stating exactly the nature and extent of the work to be performed by the homeowner himself or herself and that which shall be done by other licensed and registered contractors. The homeowner

shall also submit all necessary drawings and the names of all contractors involved. No homeowner shall register or attempt to register for any contractor. The Building, Housing and Zoning Administrator shall not grant a registration to any homeowner for electrical, heating and cooling or plumbing work, unless said homeowner can provide and document proficiency and knowledge of the codes and acceptable installation methods of such work.

(j) Access to Payroll Records. The Building, Housing and Zoning Administrator shall have authority to access payroll records to ascertain that all applicable tax obligations are current.
